

Features

Flexible Ultra-Thin Design

Easily attaches to packages or other curved surfaces.

ECO-Friendly Battery

The zinc-ion battery is eco-friendly and IATA-compliant.

No SIM card needed

It works with the crowdsourced Bluetooth network.

Update interval

Connectivity every 60 minutes.

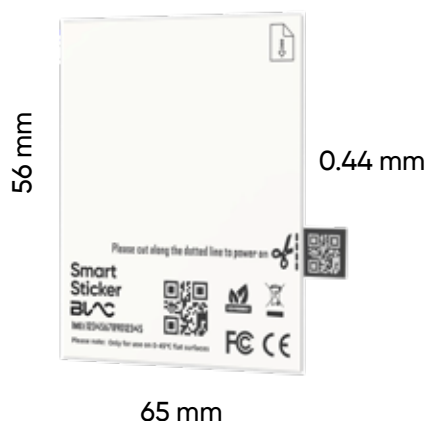

Global Positioning

Works globally without frequency restrictions.

Easy Installation

Tear the easy-peel tab to quickly power on and start working.

Data sheet

Size (mm)	65*56 mm / Thinnest: 0.44mm / Thickest: 1.2mm
Weight	4 g
Technology	Crowdsourced Bluetooth network
Battery	Built-in 25mAh non-replaceable Eco-friendly Zn-Mn Battery
Material	Waterproof paper / Thermal paper
Operating Temperature	0°C to 45°C
Lifetime	30 Days (Operating time is reduced at low temperatures)
Certifications	CE, FCC, RoHS. Additional certifications available upon request.
