

Features

Flexible Ultra-Thin Design
Easily attaches to packages or other curved surfaces.

Battery
12-month lifespan and airplane compliant.

No SIM card needed
It works with the Ultra Wide Band crowdsourcing network.

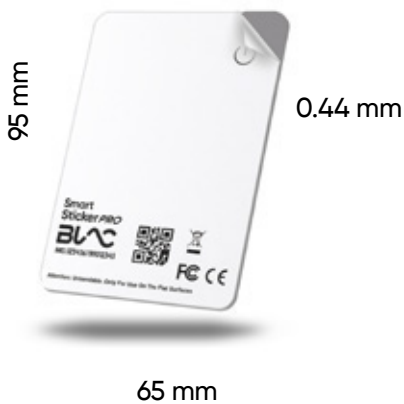

Update interval
Connectivity every 60 minutes.

Global Positioning
Works globally without frequency restrictions.

Easy Installation
Tear the easy-peel tab to quickly power on and start working.

Data sheet

Size (mm)	95*65 mm. Thinnest 0,44 mm. Thickest 1.2 mm
Weight	4 g
UWB	Ultra Wide Band
Battery	Built-in 25 mAh non-replaceable Eco-friendly Zn-Mn Battery
Material	Waterproof paper / Thermal paper
Operating temperature	0°C a 45°C
Lifetime	12 months (Operating time is reduced at low temperatures)
Certification*	CE, FCC RoHS, other certifications can be customized
